

Get Involved with a 2026 CBA Committee

CBA is now inviting members to volunteer for its 2026 committees. Serving on a committee gives you a direct role in shaping the Association while building valuable relationships with fellow community bankers. Strong participation strengthens the impact of our work.

Why serve on a CBA committee?

- › Have a voice in key CBA initiatives and projects
- › Play a meaningful role in advancing the Community Banking profession
- › Help strengthen the value and impact of CBA for Kansas Banks
- › Stay informed on emerging challenges and regulatory issues affecting financial institutions
- › Connect and exchange insights with peers from across the industry

Current CBA Committees

CBPAC — Assist with fundraising efforts and help guide decisions on state-level political contributions supporting community banking.

Education and Events — Recommend and help develop educational programs, conferences, and events, and support CBA staff with planning and promotion.

Legislative/Regulation — Work with staff to identify, monitor, and respond to state and federal legislative or regulatory issues impacting community banks, including reviewing proposed regulations and drafting comments when appropriate.

Yes, I'd like to get involved! I am volunteering for the following committee(s):

- CBPAC**
- Education and Events**
- Legislative/Regulation**

Name: _____

Email: _____

Bank: _____

City: _____
